INTRODUCTION
AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Winston-Salem City Directory since 1932), present to subscribers and the general public this, the 1953 edition of the Winston-Salem City Directory, which also includes City View, Hanes, Montview and Park Terrace. A new feature, the listing of telephone numbers, marks this edition.

Confidence in the continued growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Winston-Salem. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Winston-Salem, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is the designation of tenant-owned homes. A new feature is the listing of telephone numbers.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem and vicinity.

The Winston-Salem Directory Library

Through the courtesy of the publishers of the Winston-Salem City Directory, a Directory Library is maintained in the offices of the Winston-Salem Chamber of Commerce for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

WINSTON-SALEM

CITY OF HISTORIC CHARM AND THRIVING INDUSTRY; THE WORLD'S TOBACCO CENTER

(Courtesy Winston-Salem Chamber of Commerce)

HISTORY

Rich and varied is the history of Winston-Salem, for the city of today is the product of two centuries of constructive, planned growth.

In 1752-53 a small group of Pennsylvania Moravians, a Protestant denomination of Bohemian origin, carefully selected and bought a large tract of land in Piedmont Carolina at the three forks of the Yadkin River. They named the tract "Wachovia" after the Austrian estates of Count Nicholas Louis von Zinzendorf an early protector-patron of the sect. Two settlements were established, Bethabara in 1754 and Bethania in 1759. In 1766 a new settlement was carefully laid out in the center of the Wachovian tract and built according to definite plans. The tranquility-loving Moravians named their new town Salem, meaning "peace."

The small town grew rapidly under the care of the industrious fathers. A water system was established and dwellings, stores, and shops built. Embryonic industries included weaving, tanning, dyeing, baking, and the making of roofing tiles, ornamental tile stoves, clay smoking pipes, and candles. Tobacco was even then an important crop. The fathers consecrated a graveyard, "God's Acre," and founded a girls' school which has developed into the Salem Academy and College of today.

Main Hall, Salem College, with Historic Home Moravian Church (1800) in Left Foreground

The Revolutionary War brought to the thriving town Nathanael Greene's soldiers, and in 1781 Cornwallis passed through Salem. The years after the war until the middle of the 19th Century were marked by such events as the establishment of the Nissen Wagon Co. in 1787; a visit from George Washington in 1791; the dedication of the Home Moravian Church in 1800; the first edition of Blum's Almanac in 1828; and the opening of the first bank in 1847. Cotton and wool manufacturing companies had been organized, and Salem by 1850 was a prosperous center of religion, learning and industry.

By an act of legislature in 1849, Forsyth County was created from Stokes County. The county seat was established one mile north of Salem Square. In 1851, again by act of legislature, the new county seat was named "Winston" in

honor of Major Joseph Winston, Revolutionary War hero. Salem was incorporated in 1856; Winston in 1859.

Winston developed rapidly as an industrial center and market. The year 1872 saw the first tobacco auction and the opening of the first tobacco factory. In 1885 the Chamber of Commerce of Winston and Salem was organized by far-sighted leaders who realized that together the two towns must build for the future. By the time of consolidation, Winston was already known for its textiles, hosiery, blankets, knit goods, tobacco products, and tobacco market.

In 1913, by popular vote, Winston and Salem were consolidated as Winston-Salem, the "Twin City." The new city took as its motto "Urbs Condita Adiuvando," meaning "A City Founded Upon Co-operation." This motto puts into modern phraseology the old Moravian concept of "Unitas Fratrum," "A Unity of Brethren."

Winston-Salem today is the leading industrial city of North Carolina and one of the South's leading industrial cities. The annual value of Forsyth County's manufactured products is over $1,000,000,000. The best of the old and the best of the new blend to make a progressive city still marked by a deep religious atmosphere, a love for music and arts, and a zeal for broad educational develop-

ment. As did their fathers of yesterday, far-sighted citizens of today build always for the greater city of tomorrow.

INDUSTRY AND BUSINESS

Winston-Salem is built on a sound economic foundation. Industries, many of which were established by Winston-Salem pioneers, number over 300. Industrial and agricultural developments are inter-dependent, giving stability and balanced growth.

Industrial Development

Tobacco—Tobacco flows into Winston-Salem from the farms of the entire Piedmont area. Here it is manufactured into tobacco products which are distributed to every country in the world. Winston-Salem is the world's largest tobacco manufacturing center, producing cigarettes, smoking and chewing tobacco, and snuff. Winston-Salem also is one of the world's largest bright-leaf tobacco markets.

Hosiery—The city is the home of the world's largest circular-knit hosiery mill. Besides this great mill and a large plant processing nylon yarn, there are five other plants in the Winston-Salem vicinity that process or make hosiery.

Knit underwear—The largest manufacturer of knit underwear in the world is located in Winston-Salem.

Radios, radar, and other electronic equipment—A large electric company in several plants in Winston-Salem manufactures radar for the government, radios, test equipment, and other electronic devices and components.

Furniture—Seventeen furniture plants, manufacturing all types of furniture, are located in the Winston-Salem vicinity.

Others—The city has other plants manufacturing a large variety of products including boxes and cartons, batteries, air-conditioning and industrial machinery, specialized chemical materials and medicines, awnings, bedding and mattresses, swimming suits, paint, toys, wagons and textiles. An ample complement of services joins these industries to give a well-balanced and diversified economy.

Winston-Salem has the council-manager type of city government. The city is incorporated, operating at present upon a charter codified and revised in 1927, with amendments made since. The city is divided into eight wards, wth one alderman being elected biennially from each ward, making the governing body of the city a board of aldermen of eight plus the mayor. The Board of Aldermen appoints the city manager.

County Government

Five commissioners, elected for two-year terms, make up a board of commissioners who serve as the governing body of the Forsyth County government.

The county is divided into twelve townships and 32 precincts. All qualified electors of North Carolina who have lived in North Carolina for one year and in any voting precinct of Forsyth County for four months are eligible to vote in county elections.

Recreational Facilities

Twenty-six parks and playgrounds, with a total of 536 acres, have athletic fields, picnic areas, and special amusement features. The largest park is Reynolds, one of the South's finest municipal recreational centers. The city has an average of more than ten acres of playground for each public school.

Numerous amateur and "semi-pro" baseball, basketball and softball teams have regular schedules of games. Four eighteen-hole golf courses and a mild climate make golf a year-around sport. Nine swimming pools and seven motion-picture theatres are located in the city. The R. J. Reynolds Memorial Auditorium and the Bowman Gray Stadium are available for special events. The Y. M. C. A. and Y. W. C. A. provide recreational programs and the City Recreation Department conducts extensive supervised activities.
